

## YMCA Christian Principles

Innovative, inclusive, practical tips and tools to put Christian principles into action in your Y!

Invite

### Description

We are YMCA leaders collaborating to more intentionally and inclusively put Christian principles into practice.

We aim to support this kind of mission and cause-driven work through YMCA Christian Principles (YCP) Network.

We recognize that the increasingly diverse and global context of our communities complicates our understanding of how to inclusively and equitably build people up in healthy spirit, mind and body using Christian principles.

Through, networking, mentoring, training, relevant courses, and courageous conversations in YCP, we can empower and equip one another to fulfill the mission of the Y.

### Here are a few things that make our new online YCP community special:

We've got polls, prompts, posts, and questions that can bring more people into conversation in a space that's all our own.

Get to know other YMCA Christian leaders from across the movement in the USA and the World - discover what they are doing and expand your vision for what Christ might want to do through your Y!

We've got **Topics** on inclusively and equitably putting Christian principles into practice in the Y, Search features to find what we're looking for, and a Save Post option for you to quickly come back to your favorites.

You can direct message other Christian Y leaders you meet here. You can also post and have threaded conversations.

We can organize virtual sessions and **Events** to further our inclusive mission work in the Y.

If and when we want them, we can also organize smaller groups and/or our own online courses.
